

Merry Christmas!

From us at WYN
to
you our friend!
2014

2014 has been a year of transition and we are excited about the team God continues to bring together to serve here in the North Lawndale neighborhood of Chicago! We now have two new staff members working alongside of Kristen and Aaron. Martice Gray, Aaron's wife, joined us during the summer and filled a very key role as Camp Champ Assistant Director. She helped make our 22nd year of summer day camp one to remember with her great administrative skills and new ideas. E'Shia French, who grew up in the program, has recently transitioned from a volunteer status to full time staff member. We are so excited about the level of energy, relational skills and passion she has for the youth of her neighborhood. All of our staff have deep ties to the community – either having been born in the neighborhood, raised there, or currently living here. They are truly gifts to the community!! Thank you for your ongoing support of Westlawn Youth Network!
